

REMARKS

Docket No. 2303

Favorable consideration of the present application
is respectfully solicited.

Claims 1-29 have been cancelled.

Claims 30-38 have been added.

Claim 30 is in means plus function format wherein each element of the claim is expressed by means plus function. Also the preamble, which is a limitation to the claim, places the composition in a high moisture environment of a sealed container which has been subjected to a carbon dioxide flush. It is submitted that the Nakamura patent does not have the limitations of claim 30. Accordingly favorable consideration of claim 30 and dependent claims 31-38 are respectfully solicited.

Respectfully submitted,

JOHN S. CULLEN ET AL
